Shared Space Attestation

This section is required if you selected "Yes" your company shares an office space with another company/entity

It has been determined that your company falls into a category that Equifax describes as “mixed-use”, which means that because of the business that you do, it is possible that you could use the consumer reports you obtain from our database for various purposes, some which are not sanctioned by the Fair Credit Reporting Act (“FCRA”).

Some of the Equifax services being sought by your company are provided from a consumer reporting database, and as such, reports can only be obtained and used by your company for the permissible purposes set out in the Section 604 of the FCRA. This will be further spelled out in your contact with us.

In order to obtain access to the FCRA regulated services from Equifax, you have to agreed to certify that any services regulated by the FCRA that you obtain from Equifax will be used exclusively for the permissible purpose as described within this application and will not be shattered with or used by any other function performed by your company. You have further agreed to accept and cooperate with any and all inquiries/reviews/audits requested by Equifax. The below signature of an officer of the named company within this application will serve as such certification and agreements and will be effective on the date of signature as amended to the specific agreement.

Please sign the certification below.

Certification

As an authorized agent of the application company I certify that any FCRA regulated data obtained from Equifax will be obtained and used exclusively for the applicant company for the permissible purpose(s) as described within this application and such data will not be shared with or used in any other manner by the applicant company. I further agree, on behalf of the applicant company, that Equifax may review or otherwise audit my compliance with this Certification, and the applicant company will fully cooperate with such reviews and/or audits.
