

PLAID PARTNERSHIP AGREEMENT

This Plaid Partnership Agreement ("Agreement") is entered into as of May 6, 2026 ("Effective Date") between Plaid Inc., a Delaware corporation ("Plaid"), and Rental City ("Partner"). Each of Plaid and Partner, a "Party," and collectively, the "Parties". The Parties hereby agree as follows.

1. BACKGROUND

Plaid's API services allow individual end users to access their own data from their financial accounts, so that those end users may use their data in relation to the services offered by and through Plaid partners.

Partner seeks to incorporate Plaid's API services—and the data provided via such Plaid services—into Partner's products and services.

Except as may otherwise be agreed by the Parties (e.g., via product-specific addenda), neither Partner nor Partner's client entities will be required to provide end user data to Plaid to enable Plaid to provide its services to Partner, or for Partner to service Partner's client entities.

Therefore, the body of this Agreement solely contemplates the flow of end user data from Plaid to: (i) Partner, and (ii) Partner's client entities.

2. DEFINITIONS

2.1 "End Client" means an entity that has entered into a Partner-Client Agreement, for so long as such Partner-Client Agreement is in effect; provided that, for the avoidance of doubt: (a) for the purposes of Plaid's rights and remedies and Partner's and the applicable End Client's obligations to Plaid (and otherwise pertaining to the Plaid Services), "End Client" will include any End Client who receives or has received Plaid Services (including via any Partner Services), and (b) for the purposes of Partner's and any End Client's rights and remedies, "End Client" will include any End Client who is bound by an active Partner-Client Agreement.

2.2 "End User" means an end user of the Partner Services or of an End Client application that uses the Partner Services. For clarity, End Clients are not End Users.

2.3 "Order" means an order form or pricing schedule entered into between the Parties under this Agreement.

2.4 "Partner-Client Agreement" means an agreement between Partner and an End Client that governs such End Client's use of the Partner Services and Plaid-Provided Data and includes terms substantially similar to those set forth in Exhibit A (End Client Flow Down Terms).

2.5 "Partner Services" means the services provided by Partner to End Clients and/or End Users for the use case(s) prior approved by Plaid in writing, which Partner services will integrate or otherwise make use of the Plaid Services.

2.6 "Plaid API" means the package of application programming interface (API) materials provided by Plaid under this Agreement.

2.7 "Plaid-Provided Data" means data provided by Plaid to Partner in response to API calls issued by Partner.

2.8 "Plaid Services" means the Plaid API and the Plaid products and services set forth in the applicable Order, which are integrated into or otherwise leveraged by the Partner Services.

3. PARTNER ACCESS TO PLAID SERVICES

3.1 Partner Access. Subject to the terms and conditions of this Agreement and the applicable Order, Partner will have the non-exclusive right to use the Plaid Services to access Plaid-Provided Data for the Partner Services.

3.2 Partner Access Credentials. Partner will maintain the confidentiality of all credentials provided by Plaid to Partner in order to access the Plaid Services (“Partner Access Credentials”). Without limiting the foregoing, and except as otherwise expressly permitted by this Agreement, Partner will not disclose any Partner Access Credentials to any third party or permit any third parties to access any Plaid Services using Partner Access Credentials. Partner (and not Plaid) will be responsible for any unauthorized access to or use of the Plaid Services or Plaid-Provided Data, including via the Partner Access Credentials.

3.3 Restrictions. Partner will not, and will not enable or assist any third party to: (a) use any Plaid Services in connection with any Partner products or services other than the Partner Services; (b) attempt to reverse engineer, decompile, disassemble, or otherwise discover the source code, object code, or underlying structure, ideas, or algorithms of the Plaid Services; (c) modify, translate, or create derivative works based on the Plaid Services; (d) make the Plaid Services or Plaid-Provided Data (or any derivative work of either of the foregoing) available to, or use the Plaid Services or Plaid-Provided Data for the benefit of anyone other than, End Users or End Clients in accordance with this Agreement; (e) except to End Users or End Clients as expressly permitted by this Agreement, sell, resell, license, sublicense, distribute, rent, or lease any Plaid Services or Plaid-Provided Data (or any derivative work of either of the foregoing) to any third party, or include any Plaid Services or Plaid-Provided Data in a service bureau, time-sharing, or equivalent offering; (f) publicly disseminate or disclose information from any source regarding the performance of the Plaid Services or Plaid-Provided Data; or (g) except as necessary to exercise the rights provided in Section 3.1 (Partner Access) of this Agreement, create or enable the creation of a substitute or similar service through use of, or access to, the Plaid Services or Plaid-Provided Data. Partner will ensure that the Plaid Services and Plaid-Provided Data are used in connection with Partner’s activities solely in compliance with: (i) the rights granted to Partner by this Agreement; (ii) the Plaid developer policy (available at <https://www.plaid.com/legal>); (iii) the technical user documentation set forth at <https://www.plaid.com/docs>; and (iv) any agreements between Partner and End Users (for clarity, including any applicable privacy policy or statement). Notwithstanding anything to the contrary in this Agreement, Partner accepts and assumes all responsibility for: (1) compliance with all applicable laws and regulations in connection with Partner’s activities involving any Plaid Services, Plaid-Provided Data, or End User data; (2) any processing of any Plaid-Provided Data by Partner or any Permitted Service Provider (as defined below); (3) Partner’s compliance with Schedule 1 (Addendum to Partnership Agreement) of this Agreement; and (4) the additional provisions set forth in any product or territory specific exhibit, addendum, Order, or other document attached to this Agreement, as applicable (each such document, a “Product Addendum”). In the event of a conflict between the terms and conditions of this Agreement and the terms and conditions of any Product Addendum, the terms and conditions of such Product Addendum will govern and prevail. Partner acknowledges that: (y) Plaid is neither a “consumer reporting agency” nor a “furnisher” of information to consumer reporting agencies under the Fair Credit Reporting Act (“FCRA”); and (z) the Plaid-Provided Data is not a “consumer report” under the FCRA. Partner represents and warrants that it will not, and will not permit or enable any third party to, use the Plaid Services (including any Plaid-Provided Data) as a, or as part of a, “consumer report” as such term is defined in the FCRA, or otherwise use the Plaid Services (including any Plaid-Provided Data) such that the Plaid Services (including any Plaid-Provided Data) would be deemed “consumer reports” under the FCRA.

3.4 Privacy and Authorizations. Before any End User engages with the Partner Services in a manner that uses the Plaid Services, Partner warrants and will ensure that all notices and consents required under applicable law will be provided and obtained to enable Plaid to process End User data in accordance with Plaid’s end user privacy policy (available at <https://www.plaid.com/legal>). In connection with Partner’s activities under this Agreement, Partner will ensure that: (a) no representations or other statements with respect to End User data will be made that are contrary to or otherwise inconsistent with Plaid’s end user privacy policy; and (b) no interference will occur with respect to any independent efforts by Plaid to provide End User notice or obtain End User consent.

3.5 Intellectual Property; Feedback. Except for the rights expressly granted under this Section 3 (Partner Access to Plaid Services), Plaid reserves and retains all right, title, and interest in and to the Plaid Services, including but not limited to the Plaid API and Plaid-Provided Data (except for raw End User data, which belongs to the End User), and any software, products, works, and other intellectual property created, used, or provided by Plaid for the purposes of this Agreement. Partner reserves and retains all right, title, and interest in the Partner Services. To the extent Partner provides Plaid with any feedback relating to the Plaid Services (including feedback related to usability, performance, interactivity, bug reports, and test results) (collectively, “Feedback”), Plaid will own all right, title, and interest in and to such Feedback and Partner hereby makes all assignments necessary to achieve such ownership.

3.6 Permitted Service Providers. Partner may permit its employees, agents, contractors, and service providers to access or use the Plaid Services or Plaid-Provided Data on Partner’s behalf (collectively, the “Permitted Service Providers”); provided that Partner will be responsible for its Permitted Service Providers’ compliance with the terms and conditions of this Agreement. Partner represents and warrants that Partner will: (a) ensure that all Permitted Service Providers use the Plaid Services and Plaid-Provided Data solely on behalf and for the benefit of Partner, and make the Plaid Services and Plaid-Provided Data (and any derivative work of either of the foregoing) available solely to End Users or End Clients, as applicable, in accordance with this Agreement; (b) ensure that no Permitted Service Providers use any Plaid Services or Plaid-Provided Data for their own benefit or purposes, including to improve their own products (except to the extent necessary for Permitted Service Providers to provide their services to, on behalf of, and for the sole benefit of Partner); and (c) contractually require all Permitted Service Providers to comply with this Section 3.6 (Permitted Service Providers), and contractually prohibit Permitted Service Providers from using the Plaid Services or Plaid-Provided Data for their own purposes or benefit in breach of this Section 3.6 (Permitted Service Providers). Partner (and not Plaid) will be responsible: (i) under Section 4 (Payments) for any fees and charges incurred by its Permitted Service Providers in their use of the Plaid Services; and (ii) for Partner’s relationships with its Permitted Service Providers and for any related billing matters, technical support, or disputes.

3.7 End Client Access.

a. Prior to each End Client’s access to or use of the Plaid Services or Plaid-Provided Data (including through the Partner Services), Partner will: (i) ensure that such End Client has successfully completed the Partner-supported compliance process prior approved in writing by Plaid; (ii) execute a Partner-Client Agreement; and (iii) unless otherwise agreed in writing by Plaid, successfully complete the deal registration process set forth at Exhibit B (Deal Registration and End Client Onboarding Process) for such End Client, and create a unique Plaid dashboard account and a unique public sub-key for such End Client (collectively, “End Client Credentials”). For each End Client, Partner will use only the End Client Credentials applicable to such End Client. Notwithstanding anything to the contrary in this Agreement: (1) Partner accepts and assumes all responsibility for End Client breaches of Exhibit A (End Client Flow Down Terms); and (2) for the avoidance of doubt, the termination or expiration of any Partner-Client Agreement will not affect any End Client obligations with respect to Plaid (and otherwise pertaining to the Plaid Services) or any Partner obligations to Plaid regarding such End Client under this Agreement or such Partner-Client Agreement, as applicable.

b. Plaid may immediately suspend any End Client’s access to and use of the Plaid Services (including as incorporated into the Partner Services) upon Plaid’s determination or reasonable belief that: (i) there is unauthorized access to the Plaid Services via such End Client’s account; (ii) continued provision of the Plaid Services with regard to such End Client may do material harm to Plaid, its networks, systems, or reputation, or subject Plaid to liability; or (iii) such End Client materially breached the terms set forth in Exhibit A (End Client Flow Down Terms). Upon Partner’s receipt of a request from Plaid (email is sufficient), Partner will take immediate action and reasonably cooperate with Plaid to effectuate such suspension.

c. Partner will maintain complete and accurate records of Partner’s compliance with its obligations under this Section 3.7 (End Client Access). Upon Plaid’s request, Partner will promptly provide a list of all End Clients with access to Plaid-Provided Data and any records or other documentation

sufficient (as reasonably determined by Plaid) to demonstrate Partner's compliance with this Section 3.7 (End Client Access).

4. PAYMENTS

4.1 Fees for the Plaid Services. Partner will pay Plaid for the Plaid Services as set forth in each Order (the "Payments"). Unless otherwise specified in the applicable Order, Payments will be made in U.S. dollars within fifteen (15) days from the date of Plaid's invoice. Invoices not paid in accordance with this Section 4 (Payments) will be subject to a finance charge of 1.5% per month or the maximum amount allowed by law, whichever is lower; provided that no such charge will apply where Partner notifies Plaid on or before the applicable invoice due date, in reasonable detail, of Partner's good faith belief that the applicable invoice is inaccurate. The Parties will cooperate in good faith to resolve such issue as soon as is practicable. Partner will be responsible for all: (a) taxes associated with the Plaid Services other than taxes based on Plaid's net income; and (b) Plaid's costs of collection in the event of Partner's delinquent payment not in accordance with this Agreement and the Order. Except as otherwise expressly set forth in this Agreement or required by applicable law, all Payments are non-refundable, non-cancellable, and not subject to set off.

4.2 End Client Pricing. Partner (and not Plaid) will: (a) determine the pricing at which it offers the Partner Services to End Clients; and (b) be responsible for the fees pertaining to, and for collecting such fees from, End Clients. Non-payment by End Clients to Partner will not relieve Partner of any Partner payment or other obligations under this Agreement.

5. TERM; TERMINATION

5.1 Term of Agreement. This Agreement will commence on the Effective Date and continue until terminated in accordance with this Agreement. On the effective date of a termination of this Agreement, all Orders under this Agreement will also terminate unless otherwise expressly agreed in writing by Plaid and Partner (in which event the applicability of this Agreement will be deemed extended for the duration of such surviving Order's term).

5.2 Term of Orders. Unless otherwise specified in the applicable Order: (a) each Order will have a term of twelve (12) months (an "Initial Term") beginning on the effective date of such Order; (b) after the Initial Term, each Order will automatically renew for twelve (12) month periods (each a "Renewal Term") and, together with the Initial Term, the "Term") unless either Party provides the other Party with at least sixty (60) days' written notice prior to the end of the then-current Initial Term or Renewal Term; and (c) Plaid may revise its rates for the Plaid Services for the then-following Renewal Term by providing to Partner written notice at least seventy-five (75) days prior to the end of the then-current Initial Term or Renewal Term. Additionally, notwithstanding anything to the contrary and without limiting the foregoing, Plaid may revise the unit rates set forth in an Order at any time upon thirty (30) days' prior written notice to Partner (email notice to Partner's dashboard account email address sufficing, notwithstanding anything to the contrary in this Agreement) as needed to account for inflation, provided that any such revised unit rates will not exceed the increase in the U.S. Department of Labor, Consumer Price Index for All Urban Consumers non-seasonally adjusted for the most recently available twelve (12) month period preceding such Plaid notice.

5.3 Termination.

a. For Cause. Either Party may terminate this Agreement and any applicable Orders in the event that the other Party materially breaches the terms of this Agreement or any Order and fails to cure such breach within ten (10) days of receipt of written notice thereof.

b. For Convenience. If there are no active Orders, either Party may terminate this Agreement for any reason and without cause upon at least thirty (30) days' prior written notice to the other Party; provided that such right to terminate will not apply prior to the start date of the initial Order under this Agreement.

c. Effect of Termination; Survival. Upon termination of an Order, all rights granted to Partner and its End Clients with respect to such Order will terminate and Partner will (and will ensure that its End Clients): (i) make no further use of the terminated Plaid Services or the applicable Plaid API; and (ii) immediately return to Plaid or destroy all copies of the same. All provisions of this Agreement that expressly or by their nature contemplate performance after termination or expiration of this Agreement or an Order, as applicable, will remain in full force and effect in the event of any such termination or expiration. For the avoidance of doubt, and without limiting the generality of the foregoing in this Section 5.3(c) (Effect of Termination; Survival): (1) Section 3.1 (Partner Access) will not survive any applicable termination or expiration; and (2) Section 4 (Payments) will remain in full force and effect in the event of any termination or expiration.

5.4 Suspension. Without limiting any other Plaid rights or remedies, Plaid may immediately suspend Partner's access to and use of Plaid Services (including as incorporated into the Partner Services) upon Plaid's determination or reasonable belief that: (a) there is unauthorized access to Plaid Services via the Partner Access Credentials, or there is any wrongful use or disclosure of Plaid-Provided Data in connection with the Partner Services; (b) Partner has breached Section 3 (Partner Access to Plaid Services) or Section 9 (Plaid-Provided Data); or (c) continued provision of such Plaid Services to or through Partner may have a material adverse effect on the Plaid Services or any infrastructure used to provide the Plaid Services, pose a security risk, or otherwise materially harm Plaid.

6. PARTNERSHIP PROCESS AND OPERATIONS

6.1 Implementation Activities. The Parties will use commercially reasonable efforts to develop a mutually agreed implementation of the Partner Services applicable to Plaid Services. Partner will build and maintain an active integration with the Plaid Services on behalf of End Clients

6.2 Preferred Partnership. During the Term, Partner will: (a) maintain Plaid as Partner's sole service provider for the types and categories of products and services provided by Plaid pursuant to this Agreement (e.g., digital verification services, financial data aggregation services, etc.) (collectively, the "Services Categories"); and (b) in no event integrate any Partner Services or coordinate the provision of Partner Services with the provision of, or otherwise use or leverage, any Services Categories of any third parties. For the avoidance of doubt: (i) Partner will ensure that each entity to which Partner provides the Partner Services will leverage the Plaid Services as an End Client under this Agreement unless such entity expressly elects not to so leverage the Plaid Services; in which event (ii) Partner will not provide, enable, or otherwise facilitate for such entity any third-party Services Categories.

7. CONFIDENTIALITY

7.1 Confidential Information. "Confidential Information" means materials and information of a Party that is disclosed during the Term, either orally or in writing, by such Party ("Discloser") to the other Party ("Recipient") in connection with this Agreement, which materials and information either: (a) is conspicuously labeled, or otherwise clearly identified, as confidential, proprietary, or similarly at the time of such disclosure; or (b) should reasonably be understood by Recipient to be confidential information. Notwithstanding the foregoing, information will not be deemed Confidential Information if it: (i) is or becomes publicly available through no breach of this Agreement; (ii) was known by Recipient, without any restriction on its use or disclosure, prior to Recipient receiving it from Discloser; (iii) is obtained by Recipient, without any restriction on its use or disclosure, from a third party; or (iv) is independently developed by Recipient without use of or reference to Discloser's Confidential Information. The Confidential Information of Plaid includes all Feedback, the Plaid API, the Plaid Services, all pricing information, and the terms of this Agreement.

7.2 Recipient Obligations. Recipient will protect the confidentiality of Discloser's Confidential Information using the same degree of care that Recipient uses to protect the confidentiality of its own similar information, but in no event less than reasonable care. Except as otherwise expressly permitted by this Agreement, Recipient will only use Discloser's Confidential Information internally in connection with the

performance of Recipient's obligations, or the exercise of its rights, under this Agreement. Recipient will not disclose Discloser's Confidential Information to any third parties, except: (a) with Discloser's prior written consent; (b) as legally required, provided that Recipient prior notifies Discloser of such disclosure (to the extent legally permissible) and uses good faith efforts, as requested by Discloser in writing, to cooperate with Discloser's efforts to avoid or narrow the scope of such disclosure; and (c) to Recipient's affiliates, employees, officers, managers, contractors, and other third parties in connection with the performance of Recipient's obligations or the exercise of Recipient's rights under this Agreement, subject to confidentiality terms substantially as protective as this Agreement. At any time, upon Discloser's request, Recipient will either return to Discloser or destroy all Discloser's Confidential Information in Recipient's possession, including, without limitation, all copies and extracts thereof.

8. TRADEMARKS

8.1 Plaid Trademarks. Plaid hereby grants to Partner a non-exclusive, non-sublicensable, limited license to use Plaid's name and corporate logo (collectively, "Plaid Trademarks") during the Term solely in connection with Partner's promotion of Plaid and its services as permitted under and in accordance with this Agreement; provided that, in each instance of such use, Partner will: (a) obtain Plaid's prior written approval; and (b) clearly identify Plaid as the owner of the Plaid Trademarks.

8.2 Partner Trademarks. Partner hereby grants to Plaid a non-exclusive, non-sublicensable, limited license to use Partner's name and corporate logo (collectively, "Partner Trademarks," and collectively with the Plaid Trademarks, "Trademarks") in accordance with this Agreement during the Term solely to identify Partner as a partner of Plaid on Plaid's website and in other marketing and promotional materials; provided that Plaid will clearly identify Partner as the owner of such Partner Trademarks in each instance of such use.

8.3 Trademark Usage. Use of the Trademarks of the Party that owns such Trademarks ("Mark Owner") by the other Party ("Mark User") under Section 8.1 (Plaid Trademarks) and Section 8.2 (Partner Trademarks) will be subject to any usage guidelines (including any changes by Mark Owner to the required appearance or style of its Trademarks) notified by Mark Owner to Mark User from time to time. Mark User will provide to Mark Owner samples of Mark User's use of Mark Owner's Trademarks as requested in writing by Mark Owner. If Mark User's use of any of Mark Owner's Trademarks is deficient in quality in Mark Owner's sole discretion, then upon receipt of notice thereof, Mark User will make commercially reasonable efforts to promptly correct such deficiencies. Mark Owner reserves the right to require Mark User to discontinue use of any of Mark Owner's Trademarks at any time upon written notice, except to the extent already included in any then-existing materials. All use of Mark Owner's Trademarks (including any goodwill generated by such use) will inure to the benefit of Mark Owner and, except for the limited license granted in this Section 8 (Trademarks), Mark User will not have or obtain any right, title, or interest in or to any of Mark Owner's Trademarks.

9. PLAID-PROVIDED DATA

9.1 Use and Disclosure by Partner. Except as expressly permitted by this Agreement, Partner will not: (a) disclose any Plaid-Provided Data to any End Clients or other third parties; or (b) use or process any Plaid-Provided Data. In connection with Partner's use, disclosure, storage, and any other processing of Plaid-Provided Data, Partner will comply with: (i) Partner's privacy, security, and other relevant policies; (ii) the Partner-Client Agreements; and (iii) all other Partner obligations to End Clients and End Users, whether such obligations arise out of agreements, other binding legal terms, operation of law, or otherwise.

9.2 Personnel. With respect to the Plaid-Provided Data, Partner will ensure that Partner's employees and contractors (collectively, "Personnel") comply with: (a) Partner's privacy, security, and other relevant policies; and (b) Schedule 1 (Addendum to Partnership Agreement). For Personnel who receive, have access to, or otherwise process Plaid-Provided Data, Partner will: (i) conduct appropriate pre-employment background checks and screening; (ii) conduct security and privacy training; (iii) establish and enforce disciplinary processes for violations of information security and privacy requirements; and (iv) upon

termination or applicable role change, immediately remove such Personnel's access to Plaid-Provided Data.

9.3 Communications. Partner will use commercially reasonable efforts to obtain Plaid's input prior to (and will in any event notify Plaid as soon as is possible after) communicating with any third party regarding any security incident that: (a) affects (or is reasonably expected to affect) the Partner Services or the security, integrity, or confidentiality of Plaid-Provided Data; or (b) results (or is reasonably expected to result) in the unauthorized use, disclosure, or loss of Plaid-Provided Data. For the avoidance of doubt: (i) as used in this Section 9.3 (Communications), "third party" includes End Clients, End Users, the media, consumers, and any affected persons and entities; and (ii) the foregoing in this Section 9.3 (Communications) is not intended to prohibit any Partner compliance with applicable law.

10. INDEMNITY

10.1 Partner Indemnity. Partner will defend, indemnify, and hold Plaid harmless from and against all third-party claims, actions, proceedings, regulatory investigations, damages, losses, judgments, settlements, costs, and expenses (including reasonable attorneys' fees) arising from or in connection with: (a) Partner's breach of any laws or regulations (including with respect to privacy); (b) Partner's or any Permitted Service Provider's use of the Plaid Services or Plaid-Provided Data; (c) Partner's violation of any of its agreements with any End Client or End User; or (d) any End Client's violation of the terms set forth in Exhibit A (End Client Flow Down Terms).

10.2 Plaid Indemnity. Plaid will:

a. defend Partner from and against any third-party claim to the extent alleging that Plaid's technology in the Plaid Services, as provided by Plaid, infringes a third party's copyright or U.S. patent right; and

b. indemnify and hold harmless Partner against any damages or costs awarded against Partner (including reasonable attorney's fees) or agreed in settlement by Plaid resulting from such claim.

Plaid's obligations in this Section 10.2 (Plaid Indemnity) do not apply to liability arising from: (i) modification or unauthorized use of the Plaid Services (including, for clarity, implementation choices by or on behalf of Partner or any End Client which choices are not authorized by Plaid); (ii) use of any Plaid Service in combination with processes, services, technology, or items not provided by Plaid; (iii) use or other exploitation of any Plaid Service other than the most recent release; (iv) Partner's or any End Client's applications or any third-party platforms; (v) admissions or settlements by or on behalf of Partner or any End Client regarding a claim; (vi) trials, betas, or other free or evaluation use; or (vii) Plaid's compliance with Partner's or any End Client's specifications or instructions.

In response to an actual or potential infringement claim, if required by settlement or injunction or as Plaid determines necessary to avoid material liability, Plaid may at its option: (1) procure the rights for Partner's continued use of the Plaid Services; (2) replace or modify the allegedly infringing portion of Plaid's technology in the Plaid Services to avoid infringement without reducing the Plaid Services' overall functionality; or (3) terminate the affected Order, or portion thereof, and refund to Partner any prepaid, unused fees for the terminated portion of the Order.

10.3 Indemnification Procedure. The indemnified party will provide to the indemnifying party prompt notice of each indemnifiable claim under this Section 10 (Indemnity), provided that any failure by the indemnified party to provide such notice will not relieve the indemnifying party of its indemnification obligations except to the extent that the indemnifying party is materially prejudiced by such failure. The indemnifying party's obligations under this Section 10 (Indemnity) are subject to the indemnifying party receiving from the indemnified party: (a) the exclusive right to control the indemnifiable claim's investigation, defense, and settlement; and (b) reasonable cooperation in defending the indemnifiable claim, as requested in writing by the indemnifying party and at the indemnifying party's expense. Notwithstanding clause (a) of this Section 10.3 (Indemnification Procedure), the indemnifying party may not settle an indemnifiable claim

without the indemnified party's prior written approval if such settlement would require the indemnified party to admit fault or take or refrain from taking any action (except, where Plaid is the indemnifying party, regarding the use of the Plaid Services). Subject to clause (a) of this Section 10.3 (Indemnification Procedure), the indemnified party may participate in an indemnifiable claim with its own counsel at its own expense. **THIS SECTION 10 (INDEMNITY) PROVIDES PARTNER'S ONLY REMEDIES UNDER THIS AGREEMENT FOR ANY INFRINGEMENT, MISAPPROPRIATION, OR OTHER VIOLATION BY PLAID OF A THIRD PARTY'S INTELLECTUAL PROPERTY OR OTHER RIGHTS.**

11. WARRANTY; DISCLAIMERS

11.1 Mutual Warranties. Each Party warrants that: (a) it has all requisite corporate power to execute this Agreement and each Order; (b) the performance of its obligations under this Agreement and each Order is not and will not be prohibited by any agreement with any third party; and (c) neither it nor any executive officer of such Party is, as of the Effective Date, an individual with whom any United States law, regulation, or executive order prohibits United States companies and individuals from dealing (including any individual whose name appears on the Office of Foreign Assets Control Specially Designated Nationals and Blocked Person List). Plaid will comply with all laws and regulations applicable to its provision of Plaid Services to Partner, and Partner will comply with all laws and regulations applicable to its obligations under this Agreement and Partner's provision of the Partner Services to End Clients.

11.2 Plaid Warranties. Plaid warrants that during the Term: (a) the Plaid Services will function in material accordance with the applicable technical documentation made available by Plaid to its partners via Plaid's website; (b) Plaid will provide the Plaid Services under this Agreement via qualified personnel, in a professional and workmanlike manner consistent with industry standards; and (c) Plaid will use commercially reasonable efforts to implement procedures designed to prevent the introduction by the Plaid Services to Partner of any viruses, Trojan horses, worms, or similar harmful code designed to disable or otherwise shut down all or any portion of the Plaid Services by allowing unauthorized access to Partner's systems.

11.3 DISCLAIMER THE PLAID SERVICES, PLAID-PROVIDED DATA, AND ANY OTHER INFORMATION, SOFTWARE, PRODUCTS, SERVICES, AND MATERIALS PROVIDED BY PLAID IN CONNECTION WITH THIS AGREEMENT ARE PROVIDED "AS IS." TO THE FULLEST EXTENT PERMITTED BY LAW, NEITHER PLAID NOR ITS AFFILIATES, SUPPLIERS, LICENSORS, OR DISTRIBUTORS MAKE ANY WARRANTY OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT, ANY WARRANTY THAT THE PLAID SERVICES ARE FREE FROM DEFECTS, ANY WARRANTY THAT ANY PLAID SERVICES WILL BE UNINTERRUPTED, OR THAT ANY DATA PROVIDED BY OR THROUGH ANY PLAID SERVICES WILL BE TIMELY, ACCURATE, OR COMPLETE.

12. LIMITATION OF LIABILITY

12.1 INDIRECT DAMAGES. TO THE FULLEST EXTENT PERMITTED BY LAW, NEITHER PARTY NOR ITS AFFILIATES, SUPPLIERS, LICENSORS, OR DISTRIBUTORS WILL BE LIABLE UNDER THIS AGREEMENT FOR ANY: (A) INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES; OR (B) COST OF COVER OR LOSS OF BUSINESS, REVENUES, OR PROFITS, EVEN IF THE PARTY KNEW OR SHOULD HAVE KNOWN THAT SUCH DAMAGES WERE POSSIBLE AND EVEN IF A REMEDY FAILS OF ITS ESSENTIAL PURPOSE. NEITHER PLAID NOR ITS AFFILIATES, SUPPLIERS, LICENSORS, OR DISTRIBUTORS WILL BE LIABLE UNDER THIS AGREEMENT FOR ANY LOSS, ERROR, OR INTERRUPTION OF USE OR DATA.

12.2 GENERAL LIABILITY CAP. TO THE FULLEST EXTENT PERMITTED BY LAW, NEITHER PARTY'S AGGREGATE LIABILITY IN CONNECTION WITH THIS AGREEMENT WILL EXCEED THE AMOUNT PAID OR PAYABLE BY PARTNER TO PLAID DURING THE SIX (6) MONTH PERIOD PRIOR TO THE EVENT GIVING RISE TO SUCH LIABILITY.

12.3 EXCEPTIONS. IN NO EVENT WILL THE LIABILITY EXCLUSIONS AND LIMITATIONS PROVIDED IN SECTION 12.1 (INDIRECT DAMAGES) AND SECTION 12.2 (GENERAL LIABILITY CAP) APPLY TO PARTNER'S BREACH OF SECTION 3 (PARTNER ACCESS TO PLAID SERVICES), PARTNER'S PAYMENT OBLIGATIONS UNDER SECTION 4 (PAYMENTS) FOR AMOUNTS OWED BUT NOT PAID, OR PARTNER'S INDEMNIFICATION OBLIGATIONS UNDER THIS AGREEMENT.

13. GENERAL

13.1 Force Majeure. Each Party will be excused from any delay or failure in performing its obligations under this Agreement and any applicable Order, and such delay or failure will not be deemed a breach under this Agreement or any applicable Order, to the extent such delay or failure is caused by circumstances beyond such Party's reasonable control ("Force Majeure Event"). For clarity, Force Majeure Events include wars, riots, terrorist attacks, governmental actions, widespread Internet disturbances, labor conditions impacting such Party's industry, the acts or omissions of third-party data suppliers, power outages, and natural disasters.

13.2 Relationship of the Parties. The Parties are independent contractors. No agency, partnership, joint venture, or employment is created as a result of this Agreement. Neither Party's personnel will be considered employees of the other Party by reason of such personnel's provision or acceptance of the Plaid Services under this Agreement. Except as otherwise expressly provided in this Agreement: (a) neither Party will have any right, power, or authority to enter into any agreement, or to assume or incur any obligations or liabilities, express or implied, for or on behalf of the other Party; and (b) each Party will be responsible for its own costs and expenses in connection with this Agreement.

13.3 Assignment. This Agreement is not assignable or transferable by Partner except with the prior written consent of Plaid; provided that Partner may, following written notice to Plaid, assign and transfer its rights and obligations under this Agreement and any applicable Order in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all of Partner's assets to which this Agreement relates. If such transfer or assignment by Partner is made in favor of a direct competitor of Plaid, then Plaid may terminate this Agreement upon written notice to Partner. Any assignment or attempted assignment in breach of this Section 13.3 (Assignment) will be null and void. Plaid may freely assign this Agreement. This Agreement and each Order will be binding upon and inure to the benefit of the Parties and their permitted successors and assigns.

13.4 Dispute Resolution. Except for claims for injunctive or other equitable relief and claims regarding intellectual property rights, which may be brought in any court of competent jurisdiction, any dispute arising under this Agreement or an Order will be exclusively settled by arbitration administered in accordance with the Comprehensive Arbitration Rules of the Judicial Arbitration and Mediation Service, Inc. ("JAMS Rules") by a panel of three arbitrators appointed in accordance with the JAMS Rules. The arbitration will take place in San Francisco, California in the English language. The arbitral decision may be enforced in any court.

13.5 Governing Law; Venue. This Agreement will be governed by and construed in accordance with the laws of the State of California, without reference to the conflict of law provisions thereof. With respect to all claims and disputes arising in relation to this Agreement and the Order(s), which claims are not subject to the arbitration process described in Section 13.4 (Dispute Resolution), the Parties hereby submit to the exclusive jurisdiction and venue of the state and federal courts of San Francisco, California. The application of 1980 United Nations Convention on Contracts for the International Sale of Goods is expressly excluded. The Uniform Computer Information Transactions Act will not apply to this Agreement or any Order regardless of any adoption, enactment, or amendment under any state law.

13.6 Severability. If any provision of this Agreement is held to be unenforceable or invalid by a court of competent jurisdiction, then that provision will be deemed limited or excluded to the minimum extent necessary. This Agreement will otherwise remain in full force and effect.

13.7 Waiver. All waivers pertaining to this Agreement or any Order must be in writing and signed by both Parties. No failure or delay by either Party to avail itself of any right or remedy under this Agreement will in itself be construed as a waiver of such right or remedy. No waiver by either Party of any right or remedy pertaining to this Agreement will be construed as a waiver of: (a) any other right or remedy pertaining to this Agreement; or (b) a same or similar right or remedy with respect to a subsequent issue pertaining to this Agreement.

13.8 Notice. All notices must be: (a) in writing; (b) in English; and (c) will be deemed given only when sent by first class mail or major commercial rapid delivery courier service to the recipient. Partner will provide notices to Plaid at the address listed below in this Section 13.8 (Notice). Plaid may notify Partner of a change of address for the purposes of this Section 13.8 (Notice) via notice in accordance with this Section 13.8 (Notice). Notwithstanding anything to the contrary in this Agreement, Plaid may provide any notice via email to Partner's Plaid Services dashboard account email address.

Plaid Inc.
P.O. Box 7775 #35278
San Francisco, CA 94120
Attn: Legal
with a copy (which will not constitute notice) to: legalnotices@plaid.com

13.9 Construction. The section headings in this Agreement are intended for referential use only. The word "including" (and its conjugations) means "including without limitation." This Agreement will be deemed as drafted by both Parties, and no provision will be construed against either Party because such Party drafted such provision.

13.10 Entire Agreement; Amendment. This Agreement, together with all Orders and attachments, sets forth the entire agreement between the Parties relating to the subject matter of this Agreement and the Orders and supersedes all prior and contemporaneous agreements and communications (whether written, oral, or otherwise) between the Parties with respect to such subject matter. Except as otherwise provided in this Agreement, no amendment or modification of this Agreement will be effective unless set forth in a writing signed by both Parties.

13.11 Counterparts; Electronic Signatures. This Agreement may be signed in counterparts, each of which will be deemed an original with the same force and effectiveness as though this Agreement was executed in a single document. The Parties acknowledge and agree that this Agreement may be signed using a digital image of the signing Party's hand-written signature, and that such electronic signature will be considered legally binding.

This Agreement will become effective as of the Effective Date upon execution by the duly authorized representatives of Plaid and Partner.

EXHIBIT A

End Client Flow Down Terms

1. **Restrictions.** Unless Plaid specifically agrees otherwise in writing, End Client will not, and will not enable or assist any third-party to: (i) attempt to reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code, object code, or underlying structure, ideas, or algorithms of the Plaid services described at <https://www.plaid.com> (“Plaid Services”); (ii) modify, translate, or create derivative works based on the Plaid Services; (iii) make the Plaid Services or information and data of End Client’s end users (“End Users”) provided to End Client via the Plaid Services (such information and data, the “Plaid-Provided Data”) or any derivative work thereof available to, or use the Plaid Services or Plaid-Provided Data (or any derivative work thereof) for the benefit of, anyone other than End Client or End Users; (iv) sell, resell, license, sublicense, distribute, rent, or lease any Plaid Services or Plaid-Provided Data (or any derivative work thereof) to any third-party, or include any Plaid Services or Plaid-Provided Data (or any derivative work thereof) in a service bureau, time-sharing, or equivalent offering; (v) publicly disseminate information from any source regarding the performance of the Plaid Services or Plaid-Provided Data; or (vi) attempt to create a substitute or similar service through use of, or access to, the Plaid Services or Plaid-Provided Data. End Client will use the Plaid Services and Plaid-Provided Data only in compliance with: (a) the End Client application, use case, and other restrictions agreed between Plaid and Partner; (b) the Plaid developer policies (available at <https://www.plaid.com/legal>); (c) Plaid’s applicable technical user documentation (available at <https://www.plaid.com/docs>); and (d) any agreements between End Client and End Users (for clarity, including any privacy policy or statement). Notwithstanding anything to the contrary, as between Plaid and End Client, End Client accepts and assumes all responsibility for complying with all applicable laws and regulations in connection with End Client’s activities involving any Plaid Services, Plaid-Provided Data, or End User data. End Client acknowledges and agrees that: (I) Plaid is neither a “consumer reporting agency” nor a “furnisher” of information to consumer reporting agencies under the Fair Credit Reporting Act (“FCRA”); and (II) the Plaid-Provided Data is not a “consumer report” under the FCRA. End Client represents and warrants that it will not, and will not permit or enable any third party to, use the Plaid Services (including Plaid-Provided Data) as a or as part of a “consumer report” as that term is defined in the FCRA, or otherwise use the Plaid Services (including Plaid-Provided Data) such that the Plaid Services (including Plaid-Provided Data) would be deemed “consumer reports” under the FCRA. Notwithstanding anything to the contrary, End Client will be bound by, and will only use the Plaid Services and Plaid-Provided Data in compliance with, the terms and conditions set forth in this agreement.

2. **Secondary Investors.** Subject to this Section 2 (Secondary Investors), End Client may request that Plaid or Partner disclose Plaid-Provided Data or a Partner product or service including or incorporating Plaid-Provided Data (collectively, the “Shared Data”) to End Client’s Secondary Investors. “Secondary Investor” means a third-party investor or purchaser of a financial product originated by End Client and provided to an End User (e.g., a loan), with which investor or purchaser Plaid maintains a separate technical integration.

- (i) End Client represents and warrants to Plaid that, before disclosure of Shared Data to any Secondary Investor, End Client will provide and obtain all required (including under applicable law) notices and consents from the applicable End User with respect to disclosure of Shared Data to such Secondary Investor by Plaid or Partner.
- (ii) Notwithstanding anything to the contrary: (a) as between Plaid and End Client, solely End Client is responsible for its relationships with Secondary Investors and with Partner, including any related billing matters, technical support, or disputes; (b) End Client will enter into legally binding written agreements with each Secondary Investor that are consistent with this Section 2 (Secondary Investors) and all applicable terms and conditions of this Exhibit A (End Client Flow Down Terms), including Section 1 (Restrictions); and (c) as between Plaid and End Client, End Client will remain responsible for the Secondary Investors’ compliance with all of the terms and conditions of this Exhibit A (End Client Flow Down Terms) (including terms relating to use of Plaid-Provided Data or Shared Data).
- (iii) As between Plaid and End Client, End Client will be fully liable for: (a) any breach by End Client of this Section 2 (Secondary Investors); (b) any acts or omissions of Secondary Investors; and (c) any dispute arising among End Client, Partner, Secondary Investors, and/or End Users relating to the

disclosure or use of Shared Data as contemplated in this Section 2 (Secondary Investors).

3. **Privacy and Authorizations.** Before any End User engages with Partner products or services which include, are derived from, or incorporate the Plaid Services, End Client warrants and will ensure that it provides all notices and obtains all consents required under applicable law to enable Plaid to process End User data in accordance with Plaid's privacy policy (currently available at <https://www.plaid.com/privacy>). End Client will not: (i) make representations or other statements with respect to End User data that are contrary to or otherwise inconsistent with Plaid's privacy policy; or (ii) interfere with any independent efforts by Plaid to provide End User notice or obtain End User consent.

4. **DISCLAIMER; ENFORCEMENT.** THE PLAID SERVICES, PLAID-PROVIDED DATA, AND ANY OTHER INFORMATION, SOFTWARE, PRODUCTS, SERVICES AND MATERIALS PROVIDED BY PLAID IN CONNECTION WITH THIS AGREEMENT ARE PROVIDED "AS IS." TO THE FULLEST EXTENT PERMITTED BY LAW, NEITHER PLAID NOR ITS AFFILIATES, SUPPLIERS, LICENSORS, OR DISTRIBUTORS MAKE ANY WARRANTY OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, OR ANY WARRANTY THAT THE SERVICES ARE FREE FROM DEFECTS. WITHOUT LIMITING THE FOREGOING IN THIS SECTION 4 (DISCLAIMER; ENFORCEMENT), NEITHER PLAID NOR ITS AFFILIATES, SUPPLIERS, LICENSORS, OR DISTRIBUTORS MAKE ANY REPRESENTATION OR WARRANTY AS TO THE PLAID-PROVIDED DATA THAT MAY BE OBTAINED FROM USE OF THE PLAID SERVICES OR THAT ANY PLAID SERVICES WILL BE UNINTERRUPTED, OR THAT ANY DATA PROVIDED BY OR THROUGH ANY PLAID SERVICES WILL BE TIMELY, ACCURATE, OR COMPLETE. PLAID WILL BE AN INTENDED THIRD-PARTY BENEFICIARY OF THE AGREEMENT BETWEEN PARTNER AND END CLIENT AND MAY DIRECTLY ENFORCE SUCH AGREEMENT AGAINST END CLIENT, WITHOUT PARTNER'S CONSENT OR PARTICIPATION, BUT SOLELY RELATING TO THE PLAID-PROVIDED DATA (INCLUDING FI DATA) AND PLAID SERVICES THAT ARE PROVIDED BY PLAID TO PARTNER OR END CLIENT.

5. **FI Data.** Through the Partner Services or Plaid Services, End Client may have access to information about or of End Users provided to Plaid by a bank, financial institution, or other data source (each, as designated by Plaid, "FI", and such information, the "FI Data").

(i) **End Client Obligations.**

- a. End User Consents. End Client will provide all notices to, and obtain all express consents from, each End User as required under applicable laws in connection with End Client's use, storage, and other processing of any FI Data (such notices and consents, the "Express Consents"). Express Consents will: (A) be clear and conspicuous; (B) generally specify the categories of FI Data that End Client will receive and how End Client will use, store, and otherwise process FI Data; (C) be valid, enforceable, and expressly accepted by each End User; (D) identify any and all third parties or categories of third parties to whom End Client may provide FI Data for processing; (E) specify how End Users may exercise their right to revoke their Express Consent; and (F) include any other required disclosures under applicable laws. End Client will maintain records (which may include technical logs, screenshots, versions of Express Consents obtained) sufficient to demonstrate End Client's compliance with this Section 5(i)(a) (End User Consents) and will promptly provide such records to Plaid upon request.
- b. Scope of Access. End Client will only access FI Data for which it has obtained Express Consents from the End User for the use case reviewed and permitted by Plaid in writing and consented to by the applicable End User (such use case, the "Permitted Use Case"). For clarity, key factors Plaid will consider during its review of a potential Permitted Use Case include whether the use case is appropriate and useful to provide the End User with the End Client application that the End User has enrolled in, whether the End Client application provides a direct benefit to the End User, whether the use case directly supports the development of new or improved product features for the benefit of End Users, and the jurisdiction(s) in which the End Client operates and/or stores FI Data. If End Client possesses FI Data that exceeds the scope of the End User's Express Consents, End Client will use industry-standard means to

permanently and securely delete ("Delete") such FI Data; provided that End Client may retain such FI Data to the extent required by applicable laws. If End Client becomes aware that any data it receives from Plaid does not relate to the End User that End Client originally requested FI Data for, End Client will promptly notify Plaid and will Delete such data.

- c. Data Use. End Client will use, store and otherwise process FI Data solely in accordance with the End User's Express Consents and applicable laws.
- d. Data Disclosure. End Client will not disclose, transfer, syndicate or distribute FI Data to any third party (including its Permitted Service Providers) ("Data Sharing") except in each case with the End User's Express Consent and in accordance with applicable laws. Notwithstanding anything to the contrary, End Client will not sell FI Data.
- e. Data Deletion. End Client will promptly Delete any FI Data upon request by the applicable End User; provided that End Client may retain copies of FI Data solely to the extent required by applicable laws.
- f. No Attribution. End Client will not charge End Users any fees attributable to an FI for (a) access to its FI Data or (b) use of End User's account with an FI in connection with the End Client application. In addition, End Client will not suggest or imply a partnership, sponsorship, or other relationship with an FI based on End Client's receipt of FI Data under the Partner-Client Agreement or this Section 5 (FI Data).
- g. No Other Access. During the term of the Agreement, End Client will only access FI Data through the Plaid Services or another manner that uses the FI's authorized APIs. End Client will not "screen scrape" data from FIs or collect an End User's log-on credentials for FI accounts, and will not otherwise knowingly obtain from a third party FI Data that was originally sourced through screen scraping an FI. End Client will immediately Delete any such End User log-on credentials in its possession. End Client will maintain records to demonstrate compliance with this Section 5(i)(g) (No Other Access). For the avoidance of doubt, nothing in this Section 5(i)(g) (No Other Access) will prohibit End Client from engaging any third party to obtain services similar to the Plaid Services, provided that such third-party services enable End Client's access to FI Data solely via the FI's authorized APIs.
- h. Compliance with Laws. End Client will comply with all applicable privacy, security, and other laws pertaining to FI Data. End Client will not use, store, disclose, or otherwise process any FI Data for any purpose not permitted under applicable laws. For the avoidance of doubt, End Client acknowledges that Section 1033 of the Dodd-Frank Act may include obligations on End Client relating to processing, handling, and protecting FI Data. End Client will maintain a program designed to ensure compliance with applicable laws, including appropriately training End Client personnel.
- i. Information Security Program. End Client will maintain a comprehensive written information security program approved by its senior management ("Infosec Program"). The Infosec Program will include administrative, technical and physical measures designed to: (a) ensure the security of FI Data, (b) protect against unauthorized access to or use of FI Data and anticipated threats and hazards to FI Data and (c) ensure the proper disposal of FI Data. The Infosec Program will be appropriate to End Client's risk profile and activities, the nature of the End Client application, and the nature of the FI Data received by End Client. In any event, the Infosec Program will meet or exceed applicable control objectives captured in industry standards and best practices, such as AICPA Trust Service Criteria for Security, NIST 800-53, or ISO 27002, and will comply with applicable laws. End Client will use up-to-date antivirus software and anti-malware tools designed to prevent viruses, malware, and other malicious code in the End Client application or on End Client's systems.
- j. Security Breach Obligations. End Client will notify Plaid promptly (and in any event within twelve (12) hours) via an email to security@plaid.com, following End Client becoming aware of any Security Breach, providing a description of all known facts, the types of End Users affected, and any other information related to such Security Breach that Plaid may reasonably request. End Client will reasonably cooperate with Plaid in investigating and remediating

Security Breaches. End Client will be responsible for the costs of investigating, mitigating, and remediating the Security Breach. “Security Breach” means any event that compromises the End Client application or End Client’s systems or that does or reasonably could compromise the security, integrity or confidentiality of FI Data or result in the unauthorized use, disclosure, or loss of FI Data.

- k. FI Confidential Information. If Plaid discloses to End Client any confidential or proprietary materials of an FI pertaining to the provision of FI Data hereunder (such materials, “FI Confidential Information”), such materials will be subject to the same obligations that apply to Partner’s Confidential Information under the Partner-Client Agreement, which will in no event be less protective of such information than a reasonable standard of care. FI Confidential Information will also be subject to the same obligations as FI Data under this Section 5(i) (End Client Obligations). End Client will promptly Delete FI Confidential Information in its possession upon Plaid’s request and will provide a written certification regarding such Deletion.
 - l. Oversight and Cooperation. Toward assessing End Client’s material compliance with this Section 5 (FI Data), End Client will promptly provide all reasonably necessary information and cooperation requested by Plaid, an FI, or any entity with examination, supervision, or other legal or regulatory authority over Plaid or an FI. In the event that Plaid has a good faith reason to believe that End Client is not in material compliance with this Section 5 (FI Data), Plaid will notify End Client and, upon Plaid’s request, End Client will promptly provide sufficient documentation to demonstrate such material compliance. If the documentation provided by End Client in accordance with the immediately prior sentence is insufficient (in Plaid’s reasonable discretion) to demonstrate such material compliance, End Client will submit to a third-party audit by a firm selected by End Client from a list of audit firms reasonably approved by Plaid to verify such compliance. Plaid and FIs may also conduct technical or operational assessments of End Client, which will be subject to advance notice and will not occur more than once per year unless legally required and materially different in scope from a preceding audit.
 - m. Information Sharing. Where required by an FI or relevant to an End Client’s access or use of FI Data from that FI, Plaid may share with such FI certain information related to End Client’s compliance with this Section 5 (FI Data), including with respect to End Client’s Infosec Program. Plaid will use commercially reasonable efforts to require that such FI treat any such information in a confidential manner.
 - n. Insurance. End Client will maintain insurance coverage appropriate to End Client’s risk profile and activities, the nature of the End Client application, and the nature of the FI Data received by End Client; provided that such coverage will be no less than industry standard and will include cybersecurity liability insurance.
 - o. Access Frequency. The parties acknowledge that as of the effective date of the Partner-Client Agreement, no guidelines regarding End Client’s frequency of “batch” pulls of FI Data (such guidelines, the “Guidelines”) apply to Plaid end clients. Notwithstanding the foregoing in this paragraph: (1) End Client will comply with any Guidelines provided in writing by Plaid (including via Partner); and (2) Plaid and Partner may enforce such Guidelines to the extent necessary in accordance with Plaid’s standard practices, which may include throttling, suspension or termination of End Client’s access.
 - p. End Client Marks License. End Client hereby grants to Plaid and each FI (and each of their third-party service providers) the non-exclusive and non-transferable right and license to use End Client’s trademarks and service marks solely in connection with consent management activities, including use associated with End User facing consent management portals operated by Plaid or an FI.
- (ii) **Suspension**. Plaid may suspend End Client’s access to the Plaid Services or FI Data, in whole or in part, if Plaid determines or reasonably believes that: (a) End Client has breached this Section 5 (FI Data); (b) End Client’s use of the Plaid Services or FI Data will or has materially violated an agreement between Plaid and an applicable FI; (c) End Client’s use of the Plaid Services or FI Data will or does pose a risk of material harm, including material reputational harm, to End Users, an FI,

or the Plaid Services. In addition, an FI may suspend End Client's access to FI Data with respect to such FI. Plaid will use commercially reasonable efforts to: (1) notify Partner prior to any suspension described in this paragraph; (2) discuss with Partner in good faith any such suspension; and (3) resume End Client's access to the Plaid Services and FI Data as promptly as is practicable after the basis for such suspension is cured to Plaid's (and, as applicable, the relevant FI's) reasonable satisfaction.

- (iii) **Indemnity.** End Client will indemnify, defend and hold harmless each FI, Plaid, and the affiliates of each of the foregoing from any claims, actions, suits, demands, losses, liabilities, damages (including taxes), costs, and expenses arising from or in connection with: (a) any Security Breach resulting in unauthorized disclosure of FI Data provided to End Client hereunder; or (b) End Client's unauthorized or improper use of FI Data provided to End Client hereunder (including any unauthorized Data Sharing, transmission, access, display, storage, or loss). This Section 5(iii) (Indemnity) is not subject to any limitation of liabilities set forth in the Partner-Client Agreement. Each FI is a third-party beneficiary of this Section 5(iii) (Indemnity).
- (iv) **Modifications.** End Client acknowledges that continued access to FI Data provided by certain FIs may necessitate modifications to this Section 5 (FI Data) pertaining to all applicable Plaid end clients. End Client will accept such modifications to continue accessing or using the Plaid Services with respect to such FIs. Plaid will use commercially reasonable efforts to notify Partner of the modifications and the effective date of such modifications. If End Client objects to the modifications, its exclusive remedy is to cease any and all access and use of the Plaid Services as it relates to the applicable FI(s). Continued access to or use of such Plaid Services after the effective date of such modifications to this Section 5 (FI Data) will constitute End Client's acceptance of such modifications.
- (v) **Miscellaneous.** In the event of a conflict with any other agreement or provision (including other provisions within the Partner-Client Agreement), the terms and conditions of this Section 5 (FI Data) will govern and prevail. Capitalized terms used in this Section 5 (FI Data) and not otherwise defined will have the meanings ascribed to them in the Agreement. All provisions of this Section 5 (FI Data) will remain in force in the event of the termination or expiration of this Section 5 (FI Data), the Agreement, or the Partner-Client Agreement.

EXHIBIT B

Deal Registration and End Client Onboarding Process

This Exhibit B (Deal Registration and End Client Onboarding Process) sets forth the process required for Partner to register and onboard each End Client.

1. Deal Registration.

- i. When an End Client first enters Partner's sales pipeline as a prospective End Client under the Agreement, Partner will register such prospective End Client with Plaid by completing the Lead Registration Form (as provided by Plaid following Partner's request in writing). Via the Lead Registration Form, Partner will provide at least the following information about the applicable prospective End Client:
 - a. the prospective End Client's e-mail address;
 - b. the prospective End Client's legal entity name;
 - c. the prospective End Client's anticipated volume details (e.g., number of End Users, expected API usage), including any information reasonably requested by Plaid to assess proper billing procedures;
 - d. the prospective End Client's assets under management, if applicable; and
 - e. information regarding the expected timing of the prospective End Client's launch on Plaid Services.
- ii. Following Partner's submission to Plaid of the information detailed above, Plaid will inform Partner as to whether Plaid will require execution of a direct contract between Plaid and the prospective End Client. For clarity, should Plaid and a prospective End Client enter such a direct contract, this Agreement will not require the Partner-Client Agreement between Partner and such End Client to include terms substantially similar to those set forth in Exhibit A (End Client Flow Down Terms).

2. Going Live.

Once an End Client is capable of directing End User traffic to the Plaid Services through the Partner Services in accordance with the use case(s) prior approved by Plaid in writing, Partner will, on behalf of such End Client, complete the new sub-team sign-up process hosted on the Plaid Dashboard, which currently includes:

- i. creating a "New Team" in order to enter the End Client's name and describe such End Client's applicable use case(s);
- ii. choosing whether to: (a) test access in Plaid's sandbox environment; (b) request development access; or (c) migrate directly to Plaid's production environment;
- iii. completion of the compliance review with respect to such End Client (as described in Section 3.7 (End Client Access)), and all other processes and obligations required under the Agreement, prior to access to Plaid's production environment; and
- iv. prompt notification by End Client to Partner once End Client is capable of accessing each of the sandbox, development, and production environments. For the avoidance of doubt, Partner will be responsible for the associated fees for each End Client's use of the Plaid Services as set forth in the applicable Order.

Notwithstanding anything to the contrary in this Agreement, Plaid may institute reasonable changes to the Deal Registration process upon written notice to Partner.

THIS EXHIBIT B (DEAL REGISTRATION AND END CLIENT ONBOARDING PROCESS) DOES NOT APPLY TO PARTNER'S OR ANY END CLIENT'S USE OF PLAID'S ENRICH PRODUCT.

SCHEDULE 1

Addendum to Plaid Partnership Agreement

Effective as of the Effective Date, this Addendum to the Plaid Partnership Agreement (“**Addendum**”) is hereby incorporated in and expressly made a part of the Agreement. Through the Plaid Services, Partner may have access to information about or of End Users provided to Plaid by a bank, financial institution, or other data source (each, as designated by Plaid, “**FI**”, and such information, the “**End User Data**”).

1. **End User Data.**

a. **End User Consents.** Partner will provide all notices to, and obtain all express consents from, each End User as required under applicable laws in connection with Partner’s use, storage, and other processing of End User Data (such notices and consents, the “Express Consents”). Express Consents will: (A) be clear and conspicuous; (B) generally specify the categories of End User Data that Partner will receive and how Partner will use, store, and otherwise process End User Data; (C) be valid, enforceable, and expressly accepted by each End User; (D) identify any and all third parties or categories of third parties to whom Partner may provide End User Data for processing; (E) specify how End Users may exercise their right to revoke their Express Consent; and (F) include any other required disclosures under applicable laws. Partner will maintain records (which may include technical logs, screenshots, versions of Express Consents obtained) to demonstrate Partner’s compliance with this Section 1(a) (End User Consents) and will promptly provide such records to Plaid upon request.

b. **Scope of Access.** Partner will only access End User Data for which it has obtained Express Consents from the End User for the use case reviewed and permitted by Plaid in writing and consented to by the applicable End User (such use case, the “Permitted Use Case”). For clarity, key factors Plaid will consider during its review of a potential Permitted Use Case include whether the use case is appropriate and useful to provide the End User with the Partner Services that the End User has enrolled in, whether the Partner Services provides a direct benefit to the End User, whether the use case directly supports the development of new or improved product features for the benefit of End Users, and the jurisdiction(s) in which the Partner operates and/or stores End User Data. If Partner possesses End User Data that exceeds the scope of the End User’s Express Consents, Partner will use industry-standard means to permanently and securely delete (“Delete”) such End User Data; provided that Partner may retain such End User Data to the extent required by applicable laws. If Partner becomes aware that any data it receives from Plaid does not relate to the End User that Partner originally requested End User Data for, Partner will promptly notify Plaid and will Delete such data.

c. **Data Use.** Partner will use, store and otherwise process End User Data solely in accordance with the End User’s Express Consents and applicable laws.

d. **Data Disclosure.** Partner will not disclose, transfer, syndicate, or distribute End User Data to any third party (including its Permitted Service Providers) (“**Data Sharing**”) except in each case with the End User’s Express Consent and in accordance with applicable laws. Notwithstanding anything to the contrary, Partner will not sell End User Data.

e. **Data Deletion.** Partner will promptly Delete any End User Data upon request by the applicable End User; provided that Partner may retain copies of End User Data solely to the extent required by applicable laws.

f. **No Attribution.** Partner will not charge End Users any fees attributable to an FI for: (i) access to its End User Data; or (ii) use of End User’s account with an FI in connection with the Partner Services. In addition, Partner will not suggest or imply a partnership, sponsorship, or other relationship with an FI based on Partner’s receipt of End User Data under the Agreement or this Addendum.

g. **No Other Access.** During the term of the Agreement, Partner will only access End User Data through the Plaid Services or another manner that uses the FI’s authorized APIs. Partner will not “screen scrape” data from FIs or collect an End User’s log-on credentials for FI accounts, and will not otherwise

knowingly obtain from a third party End User data that was originally sourced through screen scraping an FI. Partner will immediately Delete any such End User log-on credentials in its possession. Partner will maintain records to demonstrate compliance with this Section 1(g) (No Other Access). For the avoidance of doubt, nothing in this Section 1(g) (No Other Access) will prohibit Partner from engaging any third party to obtain services similar to the Plaid Services, provided that such third-party services enable Partner's access to End User Data solely via the FI's authorized APIs.

2. **Partner Obligations.**

a. Compliance with Laws. Partner will comply with all applicable privacy, security and other laws pertaining to End User Data. Partner will not use, store, disclose, or otherwise process any End User Data for any purpose not permitted under applicable laws. For the avoidance of doubt, Partner acknowledges that Section 1033 of the Dodd-Frank Act may include obligations on Partner relating to processing, handling, and protecting End User Data. Partner will maintain a program designed to ensure compliance with applicable laws, including appropriately training Partner personnel.

b. Information Security Program. Partner will maintain a comprehensive written information security program approved by its senior management ("**Infosec Program**"). The Infosec Program will include administrative, technical, and physical measures designed to: (i) ensure the security of End User Data; (ii) protect against unauthorized access to or use of End User Data and anticipated threats and hazards to End User Data; and (iii) ensure the proper disposal of End User Data. The Infosec Program will be appropriate to Partner's risk profile and activities, the nature of the Partner Services, and the nature of the End User Data received by Partner. In any event, the Infosec Program will meet or exceed applicable control objectives captured in industry standards and best practices such as AICPA Trust Service Criteria for Security, NIST 800-53, or ISO 27002 and will comply with applicable laws. Partner will use up-to-date antivirus software and anti-malware tools designed to prevent viruses, malware, and other malicious code in the Partner Services or on Partner's systems.

c. Security Breach Obligations. Partner will notify Plaid promptly (and in any event within twelve (12) hours) via an email to security@plaid.com (with a copy sent in accordance with the Agreement's provisions regarding notices), following Partner becoming aware of any Security Breach, providing a description of all known facts, the types of End Users affected, and any other information related to such Security Breach that Plaid may reasonably request. Partner will reasonably cooperate with Plaid in investigating and remediating Security Breaches. Partner will be responsible for the costs of investigating, mitigating, and remediating Security Breaches. "**Security Breach**" means any event that compromises the Partner Services or Partner's systems or that does or reasonably could compromise the security, integrity, or confidentiality of End User Data or result in the unauthorized use, disclosure, or loss of End User Data.

d. FI Confidential Information. If Plaid discloses to Partner any confidential or proprietary materials of an FI pertaining to the provision of End User Data hereunder (such materials, "FI Confidential Information"), such materials will be subject to the same obligations that apply to Plaid's Confidential Information under the Agreement. FI Confidential Information will be subject to the same obligations as End User Data under this Section 2 (Partner Obligations). Partner will promptly Delete FI Confidential Information in its possession upon Plaid's request and will provide a written certification regarding such Deletion.

e. Oversight and Cooperation. Towards assessing Partner's material compliance with this Addendum, Partner will promptly provide all reasonably necessary information and cooperation requested by Plaid, an FI, or any entity with examination, supervision, or other legal or regulatory authority over Plaid or an FI. In the event that Plaid has a good faith reason to believe that Partner is not in material compliance with this Addendum, Plaid will notify Partner and, upon Plaid's request, Partner will promptly provide sufficient documentation to demonstrate such material compliance. If the documentation provided by Partner in accordance with the immediately prior sentence is insufficient (in Plaid's reasonable discretion) to demonstrate such material compliance, Partner will submit to a third-party audit by a firm selected by Partner from a list of audit firms reasonably approved by Plaid to verify such compliance. Plaid and FIs may also conduct technical or operational assessments of Partner, which will be subject to advance notice and will not occur more than once per year unless legally required and materially different in scope from a

preceding audit.

f. **Information Sharing.** Where required by an FI or relevant to a Partner's access or use of End User Data from that FI, Plaid may share with such FI certain information related to Partner's compliance with this Addendum, including with respect to Partner's Infosec Program. Plaid will use commercially reasonable efforts to require that such FI treat any such information in a confidential manner.

g. **Insurance.** Partner will maintain insurance coverage appropriate to Partner's risk profile and activities, the nature of the Partner Services, and the nature of the End User Data received by Partner; provided that such coverage will be no less than industry standard and will include cybersecurity liability insurance.

h. **Access Frequency.** The Parties acknowledge that as of the Effective Date, no guidelines regarding Partner's frequency of "batch" pulls of End User Data (such guidelines, the "Guidelines") apply to Plaid partners. Notwithstanding the foregoing: (1) Partner will comply with any Guidelines provided in writing by Plaid; and (2) Plaid may enforce such Guidelines to the extent necessary in accordance with its standard practices, which may include throttling, suspension, or termination of Partner's access.

i. **Partner Marks License.** Partner hereby grants to Plaid and each FI (and each of their third-party service providers) the non-exclusive and non-transferable right and license to use Partner's trademarks and service marks solely in connection with consent management activities, including use associated with End User facing consent management portals operated by Plaid or an FI.

3. **Suspension.** Plaid may suspend Partner's access to the Plaid Services or End User Data, in whole or in part, if Plaid determines or reasonably believes that: (a) Partner has breached this Addendum; (b) Partner's use of the Plaid Services or End User Data will or has materially violated an agreement between Plaid and an applicable FI; (c) Partner's use of the Plaid Services or End User Data will or does pose a risk of material harm, including material reputational harm, to End Users, an FI, or the Plaid Services. In addition, an FI may suspend Partner's access to End User Data with respect to such FI. Plaid will use commercially reasonable efforts to: (1) notify Partner prior to any suspension described in this paragraph; (2) discuss with Partner in good faith any such suspension; and (3) resume Partner's access to the Plaid Services and End User Data as promptly as is practicable after the basis for such suspension is cured to Plaid's (and, as applicable, the relevant FI's) reasonable satisfaction.

4. **Indemnity.** Partner will indemnify, defend and hold harmless each FI, Plaid, and the affiliates of each of the foregoing from any claims, actions, suits, demands, losses, liabilities, damages (including taxes), costs and expenses arising from or in connection with: (a) any Security Breach resulting in unauthorized disclosure of End User Data provided to Partner hereunder; or (b) Partner's unauthorized or improper use of End User Data provided to Partner hereunder (including any unauthorized Data Sharing, transmission, access, display, storage, or loss). This Section 4 (Indemnity) is not subject to any limitation of liabilities set forth in the Agreement. Each FI is a third-party beneficiary of this Section 4 (Indemnity).

5. **Modifications.** Partner acknowledges that continued access to End User Data provided by certain FIs may necessitate modifications to this Addendum pertaining to all applicable Plaid partners. Partner will accept such modifications to continue accessing or using the Plaid Services with respect to such FIs. Plaid will use commercially reasonable efforts to notify Partner of the modifications and the effective date of such modifications via Partner's account, email, in accordance with the notice provisions of the Agreement, or as otherwise approved by Partner. If Partner objects to the modifications, its exclusive remedy is to cease any and all access and use of the Plaid Services as it relates to the applicable FI(s). Continued access to or use of such Plaid Services after the effective date of such modifications will constitute Partner's acceptance of such modifications; provided that Plaid will discuss with Partner such modifications (and any effect thereof upon Partner) in good faith as soon as is practicable following Plaid's receipt of a Partner request in writing.

6. **Miscellaneous.** In the event of a conflict with the Agreement, the terms and conditions of this Addendum will govern and prevail. Capitalized terms used in this Addendum and not otherwise defined will have the meanings ascribed to them in the Agreement. All provisions of this Addendum will remain in force in the event of any termination or expiration of this Addendum or the Agreement.

“IDV Services” Product Specific Exhibit

THE PROVISIONS IN THIS EXHIBIT WILL APPLY TO PLAID’S IDV SERVICES.

1. DEFINITIONS

- 1.1. “IDV Data” means data in electronic form that is transmitted through the IDV Services by, on behalf of, from, or to Partner, End Client, or End Users. For the avoidance of doubt: (i) IDV Data (including IDV Data returned to Partner or End Client) is not Plaid-Provided Data; and (ii) IDV Data is not the Confidential Information of either party.
- 1.2. “Identity Verification” means Plaid’s Identity Verification services, including such services’ fraud detection and prevention features.
- 1.3. “Monitor” means Plaid’s anti-money-laundering screening services.
- 1.4. “IDV Services” means the Services comprised of Identity Verification and Monitor, as applicable, and the Dashboard.
- 1.5. “Dashboard” means the Partner facing and End Client facing dashboard functionality and dashboard display services within the IDV Services.
- 1.6. “GLBA” means the Gramm-Leach-Bliley Act, 15 U.S.C. § 6801, et seq. and the United States Federal Trade Commission rules promulgated thereunder, as may be interpreted from time to time by a competent regulatory authority.
- 1.7. “IDV Privacy Statement” means the end user privacy statement for the IDV Services available at <https://plaid.com/legal/#idv-privacy-statement>.
- 1.8. “PII” means IDV Data that relates to an End User and is deemed “personal data” or “personal information” (or analogous variations of such terms) under applicable privacy or data protection laws.
- 1.9. “Process” means collect, disclose, use, store, or otherwise process.
- 1.10. For the purposes of this Exhibit, the terms “controller,” “processor,” and “subprocessor” have the meanings ascribed to them, and are hereby deemed references to the relevant defined terms with analogous meanings, under applicable law. For example, these terms will be deemed references, as applicable, to the terms “business” and “service provider” as such terms are used in the California Consumer Privacy Act of 2018 as amended by the California Privacy Rights Act of 2020.

2. IDV SERVICES

- 2.1. *Access.* Partner may use the IDV Services, and only enable End Clients to use the IDV Services, in accordance with applicable law, the Agreement (including this Exhibit), the Partner-Client Agreement, and any agreements between Partner and End Users (for clarity, including any privacy policy or terms of service) to: (i) verify, via Identity Verification’s matching of IDV Data provided by End Users, applicable End User identities in the normal course of Partner’s or End Client’s business, as applicable; and (ii) assess, via Monitor, the IDV Data for certain screening purposes (e.g., to confirm that End Users do not appear on any watchlist, to provide antifraud or anti-money laundering screening services, etc.). Without limiting the generality of the foregoing, Partner agrees that: (a) neither it nor End Client will enable or use the “autofill” functionality of the IDV Services if Partner or End Client, respectively, is located outside of the United States; and (b) any violation of this sentence will be deemed a material breach of this Exhibit.
- 2.2. *Instructions.* To enable Plaid to provide the IDV Services to Partner and End Clients, Partner will (and will enable End Client, as applicable, to) submit instructions to Plaid via the Dashboard (the “Instructions”). The Instructions will include direction to Plaid regarding: (i) the applicable categories or types of IDV Data that will be processed by the IDV Services on behalf of Partner, End Client (as applicable), and End Users; (ii) when such processing will occur; and (iii) the categories or types of

End Users who will provide IDV Data through the IDV Services.

- 2.3. *Consent.* Partner represents and warrants that Partner and End Client (as applicable) will provide all notices and obtain all consents as required under applicable law, regulations, and third-party agreements for: (i) Partner and End Client to Process IDV Data, as applicable; and (ii) Plaid (and its subprocessors and data sources) to provide or enable the IDV Services by Processing such IDV Data, and to otherwise exercise the applicable rights described in this Exhibit. Partner will maintain records sufficient to demonstrate its compliance with this Section 2.3 and will promptly provide such records to Plaid upon request.
- 2.4. *IDV Data.* Partner grants to Plaid and its subprocessors a limited and non-exclusive license to: (i) Process IDV Data as necessary to provide or enable the IDV Services; and (ii) Process anonymized, de-identified, or aggregated IDV Data (i.e., IDV Data that is not PII) to maintain, improve, optimize, or develop the IDV Services and to prevent and detect fraud in the IDV Services in accordance with the IDV Privacy Statement. Without limiting the generality of the foregoing, Plaid will: (a) use IDV Data at the direction of Partner and End Client, as applicable; (b) disclose IDV Data to subprocessors, if any, subject to restrictions at least as restrictive as those in this Exhibit; and (c) remain responsible for such Plaid subprocessors' breaches of the applicable provisions of this Exhibit. Notwithstanding anything to the contrary, Plaid may disclose IDV Data as required by law or court order; provided that, to the extent legally permissible, Plaid will promptly notify Partner of such requirement and use commercially reasonable efforts to limit such disclosure. Subject to the foregoing in this paragraph, each of Partner and End Client, as applicable, will retain its existing rights (if any, including any ownership rights) in and to IDV Data.

3. COMPLIANCE

- 3.1. *GLBA.* Partner certifies that all of its and End Clients' and Permitted Service Providers' uses of, and purposes pertaining to, the IDV Services are and will be in accordance with and solely comprised of uses and purposes described in Section 6802(e) of GLBA.
- 3.2. *Processing on the Controller's Behalf.* Partner acknowledges and agrees that, solely with regard to the IDV Data: (i) End Client or Partner, as applicable, will determine via the Instructions the purpose and means by which Plaid will process IDV Data; (ii) Plaid will act on such applicable Instructions with respect to the details of Plaid's processing of IDV Data (i.e., how, what, when, and why such IDV Data is processed by Plaid); and that therefore (a) Partner or End Client, as applicable, will be deemed a controller with regard to IDV Data; (b) Partner (for clarity, where Partner services End Client) or Plaid, as applicable, will be deemed a processor with regard to IDV Data; and (c) where Partner services End Client, Plaid will be deemed a subprocessor with regard to IDV Data where Plaid is facilitating, via the IDV Services, the applicable activities described in Section 2.1. Partner will direct End Users to the relevant controller's (meaning, Partner's or End Client's, as applicable) privacy policy for any queries or requests regarding End User rights with respect to, and the processing of, PII applicable to the IDV Services. For the avoidance of doubt, Partner acknowledges and agrees that: (I) such applicable controller's privacy policy will control and apply with respect to the processing of all PII applicable to the IDV Services; and (II) Partner will make available and maintain all data retention policies and provisions as required under applicable law pertaining to Plaid's storage of PII on Partner's and End Client's behalf, as applicable, in relation to the IDV Services provided under this Exhibit. Plaid will not: (A) process PII for any purpose (including any commercial purpose) other than as necessary to perform the IDV Services for Partner or End Client, as applicable (which performance includes the activities described in Section 2.4); (B) sell any PII; (C) process PII outside of the relevant direct business relationship described in this Exhibit; or (D) combine PII with any other personal information that Plaid collects (directly from end users or via any third party) other than as expressly permitted for processors or subprocessors under applicable law.
- 3.3. *Details of Processing.* Plaid and Partner acknowledge and agree that Partner or End Client, as applicable, will control, via the Instructions, the types and categories of PII that may be Processed in connection with the IDV Services. For clarity, such types and categories may include names, addresses, dates of birth, phone numbers, identification documents, and images/videos (e.g., photos or selfies). This PII processing will continue, as applicable, in accordance with this Exhibit.

- 3.4. *FCRA*. Partner acknowledges and agrees that: (i) Plaid is neither a “consumer reporting agency” nor a “furnisher” of information to consumer reporting agencies under the FCRA; and (ii) the IDV Data is not a “consumer report” under the FCRA. Partner represents and warrants that it will not, and will not permit or enable any End Client or other third party to, use the IDV Services or any IDV Data: (a) as a, or as part of a, “consumer report” as that term is defined in the FCRA; or (b) such that the IDV Services or any IDV Data would be deemed “consumer reports” under the FCRA.
- 3.5. *Partner Responsibilities*. Notwithstanding the applicability or details of any non-Partner (or any other) technical integration involving the IDV Services, and notwithstanding anything to the contrary in this Exhibit, the Agreement, or the Partner-Client Agreement, Partner is solely responsible for its relationships with End Clients and End Users, including any related billing matters, technical support, and disputes. Without limiting anything in this Exhibit or the Agreement, where Partner services End Users directly, Partner will publish and maintain an easily accessible and legally sufficient: (i) terms of service regarding all applicable End User use of Partner’s services; and (ii) privacy policy. Partner will promptly notify Plaid upon making any material changes to such terms of service or privacy policy. Partner is, and will remain, solely responsible and liable for the use of and access to the IDV Services by or on behalf of each End Client (as applicable), End User, and Permitted Service Provider. Partner shall have sole responsibility for the accuracy, quality, integrity, legality, reliability, and appropriateness of all IDV Data, and for verifying the same.
- 3.6. *Plaid Responsibilities*. In connection with its processing of any IDV Data, Plaid will comply with all obligations (including privacy protection obligations) applicable to it as a processor or subprocessor under applicable law. Where Partner is the controller with respect to IDV Data: (i) Partner reserves the right to take reasonable and appropriate steps towards stopping and remediating any unauthorized use of PII by Plaid; and (ii) Plaid will reasonably cooperate with Partner to facilitate such steps, including by making available to Partner all information reasonably necessary to demonstrate Plaid’s compliance with its obligations under this Exhibit and applicable law, to the extent such information relates to the IDV Services.

4. DISCLAIMER; UPDATES

Plaid makes no warranty with respect to, and disclaims all liability pertaining to: (i) the Instructions and Plaid’s acts and omissions in accordance therewith; and (ii) the accuracy of any IDV Data and all other data (a) uploaded or otherwise provided to or for the IDV Services by or on behalf of Partner, End Client, or End Users, and (b) Processed or provided by, or otherwise originating from, Plaid or Plaid’s data sources in relation to the IDV Services. With respect to the IDV Services, Plaid disclaims all liability for the errors and omissions of it and its data sources. Plaid may update the IDV Services from time to time. In the event that any such update is material, Plaid will notify Partner of any Partner or End Client actions required to enable Partner’s and End Clients’ (as applicable) continued use of the IDV Services, including any such materially additional or alternative terms so required for execution by Partner (which terms, as of their effective date, will supersede this Exhibit).

5. SECURITY

- 5.1. *Plaid InfoSec Program*. Plaid will use commercially reasonable efforts to develop, implement, maintain, and enforce a written information security program (“Plaid InfoSec Program”) that contains administrative, technical, and physical controls that are appropriate to Plaid’s size and the complexity, nature, and scope of the IDV Services. The Plaid InfoSec Program will be reasonably designed to: (i) ensure the security and confidentiality of IDV Data; (ii) protect against any anticipated threats or hazards to the security or integrity of IDV Data; and (iii) protect against unauthorized access to or use of IDV Data. The Plaid InfoSec Program will comply with all information and data security requirements promulgated by applicable state and federal laws and regulations in the U.S. Plaid will review and test the design and operational effectiveness of the Plaid InfoSec Program at least annually. Additionally, Plaid will: (a) maintain SSAE No. 18 SOC 2; and (b) upon reasonable request from Partner (no more than once per calendar year), provide to Partner a copy of the Executive Summary of Plaid’s then-current SOC 2 report conducted by a third-party assessor.
- 5.2. *Security Incident*. If Plaid becomes aware of any event that: (i) compromises the security, integrity, or confidentiality of PII; and (ii) results in the unauthorized access, use, disclosure, or loss of PII

(collectively, a “Security Incident”), then to the extent that such Security Incident occurred on or affects any systems or facilities owned or operated by Plaid, and unless prohibited by applicable law, Plaid will promptly: (a) notify Partner and use commercially reasonable efforts to assist Partner in satisfying any of Partner’s notification obligations imposed under applicable law in connection with the Security Incident; and (b) investigate and use commercially reasonable efforts to remedy and mitigate the effects of the Security Incident.

6. EFFECT OF TERMINATION

Upon termination or expiration of an Order relating to the IDV Services: (i) Partner will destroy or return to Plaid all IDV Services documentation provided to Partner relating to such Order; and (ii) following Plaid’s receipt of the Partner’s request in writing, Plaid will delete (rather than return) all IDV Data stored on Plaid’s servers relating to such Order, unless retention of the IDV Data is required under applicable law. Without limiting the foregoing, Partner (on behalf of End Client, as applicable) and Plaid may mutually agree upon the retention periods for various types or categories of IDV Data. Notwithstanding anything to the contrary, Plaid disclaims all liability pertaining to: (a) Plaid’s deletion of IDV Data after the termination or expiration of an Order; and (b) Partner’s or End Client’s use of the IDV Services and IDV Data after any Order termination or expiration.

7. INDEMNITY

Partner will indemnify, defend, and hold harmless Plaid and its affiliates from any claims, actions, suits, demands, losses, liabilities, damages (including taxes), costs and expenses arising from or in connection with: (i) breaches of this Exhibit by Partner or End Clients; (ii) acts or omissions of Partner or End Clients or its or their employees, affiliates, clients, or contractors relating to the IDV Services; (iii) the Processing of IDV Data by Partner, End Client, or Permitted Service Providers; and (iv) the Instructions and Plaid’s acts or omissions in accordance therewith.

8. END CLIENT FLOW DOWN TERMS

Exhibit A (End Client Flow Down Terms) of the Agreement is hereby amended to include the Section 6 (IDV Services) that is attached to this Exhibit as Exhibit I.

9. MISCELLANEOUS

This IDV Services Exhibit (the “Exhibit”) is a part of the Agreement. Capitalized terms used and not otherwise defined in this Exhibit have the meanings ascribed to them in the Agreement. The Plaid Services include the IDV Services. The effective date of this Exhibit is the Effective Date, provided that Partner may only access, and enable End Client access to, the IDV Services during the term of each Order that includes IDV Services. In the event of a conflict between the terms and conditions of the Agreement (or any other agreement, including the Partner-Client Agreement) and the terms and conditions of this Exhibit, the terms and conditions of this Exhibit shall prevail.

Exhibit I**End Client Flow Down Terms***[continued]*

6. **IDV Services.** Through the Partner Services, End Client may have access to IDV Services (as defined below). When providing the IDV Services to End Client through the Partner Services, Partner is acting as End Client's processor and Plaid is acting as Partner's subprocessor, as further described below. The provisions of this Section 6 (the "IDV Terms") set out terms and conditions in connection with the IDV Services.

i. DEFINITIONS

- a. "End Client Data" means data in electronic form that is transmitted through the IDV Services by, on behalf of, from or to End Client or End Users. For the avoidance of doubt: (i) End Client Data (including End Client Data returned to End Client) is not Plaid-Provided Data; and (ii) End Client Data is not the confidential information of either party.
- b. "Identity Verification" means Plaid's Identity Verification services, including such services' fraud detection and prevention features.
- c. "Monitor" means Plaid's anti-money laundering screening services.
- d. "IDV Services" means the services: (i) comprised of Identity Verification and Monitor, as applicable, and the Dashboard; and (ii) that End Client may have access to through the Partner Services. For the avoidance of doubt, the IDV Services are Plaid Services.
- e. "Dashboard" means the End Client facing dashboard functionality and dashboard display services within the Identity Verification and Monitor services.
- f. "GLBA" means the Gramm-Leach-Bliley Act, 15 U.S.C. § 6801, et seq. and the United States Federal Trade Commission rules promulgated thereunder, as may be interpreted from time to time by a competent regulatory authority.
- g. "IDV Privacy Statement" means the end user privacy statement for the IDV Services available at <https://plaid.com/legal/#idv-privacy-statement>.
- h. "PII" means End Client Data that relates to an End User and is deemed "personal data" or "personal information" (or analogous variations of such terms) under applicable privacy or data protection laws.
- i. "Process" means collect, disclose, use, store, or otherwise process.
- j. For the purposes of these IDV Terms, the terms "controller," "processor," and "subprocessor" have the meanings ascribed to them, and are hereby deemed references to the relevant defined terms with analogous meanings, under applicable law. For example, these terms will be deemed references, as applicable, to the terms "business" and "service provider" as such terms are used in the California Consumer Privacy Act of 2018 as amended by the California Privacy Rights Act of 2020.

ii. IDV SERVICES

- a. **Access.** End Client may use the IDV Services subject to, and only in accordance with, applicable law, these IDV Terms, the Partner-Client Agreement, the agreed use cases therein, and any agreements between End Client and End Users (for clarity, including any privacy policy or terms of service) to: (i) verify, via Identity Verification's matching of End Client Data provided by End Users, applicable End User identities in the normal course of End Client's business; and (ii) assess, via Monitor, the End Client Data for certain screening purposes (e.g., to confirm that End Users do not appear on any watchlist, to provide antifraud or anti-money laundering screening services, etc.). Without limiting the generality of the foregoing, End Client agrees that: (a) End Client will not enable or use the "autofill" functionality of the IDV Services if End Client is located outside of the United States; and (b) any violation of this sentence will be deemed a material breach of these IDV Terms.

- b. *Instructions.* To enable Partner to provide the IDV Services to End Client, End Client will submit instructions via the Dashboard (the “Instructions”). The Instructions will include direction regarding: (i) the applicable categories or types of End Client Data that will be processed by the IDV Services on behalf of End Client and its End Users; (ii) when such processing will occur; and (iii) the categories or types of End Users who will provide End Client Data through the IDV Services.
- c. *Consent.* End Client represents and warrants that End Client will provide all notices and obtain all consents as required under applicable law, regulations, and third-party agreements for: (i) End Client to Process End Client Data; and (ii) Partner (and its subprocessors and data sources) to provide or enable the IDV Services by Processing such End Client Data, and to otherwise exercise the rights described in these IDV Terms. End Client will maintain records sufficient to demonstrate its compliance with this Section 2.3 and will promptly provide such records to Partner upon request.
- d. *End Client Data.* End Client grants to Partner’s IDV Services subprocessor (i.e., Plaid) and its subprocessors a limited and non-exclusive license to: (i) Process End Client Data as necessary to provide or enable the IDV Services; and (ii) Process anonymized, de-identified, or aggregated End Client Data (i.e., End Client Data that is not PII) to maintain, improve, optimize, or develop the IDV Services and to prevent and detect fraud in the IDV Services in accordance with the IDV Privacy Statement. Without limiting the generality of the foregoing, Partner’s IDV Services subprocessor (i.e., Plaid) may disclose End Client Data to its subprocessors subject to restrictions similar to those in these IDV Terms. Notwithstanding anything to the contrary, Partner’s IDV Services subprocessor (i.e., Plaid) may disclose End Client Data as required by law or court order. Subject to the foregoing in this paragraph, End Client will retain its existing rights (if any, including any ownership rights) in and to End Client Data.

iii. **COMPLIANCE**

- a. *GLBA.* End Client certifies that all End Client’s and Permitted Service Providers’ uses of, and purposes pertaining to, the IDV Services are and will be in accordance with and solely comprised of uses and purposes described in Section 6802(e) of GLBA.
- b. *Processing on End Client’s Behalf.* End Client acknowledges and agrees that, solely with regard to the End Client Data: (i) End Client will determine, via the Instructions, the purpose and means by which Partner’s IDV Services subprocessor (i.e., Plaid) will process End Client Data; (ii) Partner will require Partner’s IDV Services subprocessor (i.e., Plaid) to act on End Client’s Instructions with respect to the details of such subprocessor’s processing of End Client Data (i.e., how, what, when, and why such End Client Data is processed by such subprocessor); and that therefore (a) End Client will be deemed a controller with regard to such End Client Data; (b) Partner will be deemed a data processor with regard to End Client Data; and (c) Partner’s IDV Services subprocessor (i.e., Plaid) and its subprocessors will be deemed subprocessors with regard to End Client Data where such subprocessors facilitate, via the IDV Services, the End Client activities described in Section 2.1). End Client will direct End Users to End Client’s privacy policy for any queries or requests regarding End User rights with respect to, and the processing of, PII applicable to the IDV Services. For the avoidance of doubt, End Client acknowledges and agrees that: (I) End Client’s privacy policy will control and apply with respect to the processing of all PII applicable to the IDV Services; and (II) End Client will make available and maintain all data retention policies and provisions as required under applicable law pertaining to subprocessor storage of PII on End Clients’ behalf in relation to the IDV Services provided under these IDV Terms. Partner agrees that its IDV Services subprocessor will not: (A) process PII for any purpose (including any commercial purpose) other than as necessary to perform the IDV Services for the End Client (which performance includes the activities described in Section 2.4); (B) sell any PII; (C) process PII outside of the business relationship described in these IDV Terms; or (D) combine PII with any other personal information that subprocessor collects (directly from end users or via any third party) other than as expressly permitted for processors or subprocessors under applicable law.
- c. *Details of Processing.* The parties acknowledge and agree that End Client will control, via the Instructions, the types and categories of PII that may be Processed in connection with the IDV Services. For clarity, such types and categories may include names, addresses, dates of birth, phone

numbers, identification documents, and images/videos (e.g., photos or selfies). Partner agrees that such Processing will continue, as applicable, in accordance with these IDV Terms.

- d. *FCRA*. End Client acknowledges and agrees that: (i) neither Partner nor its IDV Services subprocessor (i.e., Plaid) is a “consumer reporting agency” or a “furnisher” of information to consumer reporting agencies under the FCRA; and (ii) the End Client Data is not a “consumer report” under the FCRA. End Client represents and warrants that it will not, and will not permit or enable any third party to, use the IDV Services or any End Client Data: (a) as a, or as part of a, “consumer report” as that term is defined in the FCRA; or (b) such that the IDV Services or any End Client Data would be deemed “consumer reports” under the FCRA.
- e. *End Client Responsibilities*. Notwithstanding the applicability or details of End Client’s integration involving the IDV Services, and notwithstanding anything to the contrary in these IDV Terms or any other terms of the Partner-Client Agreement, End Client is solely responsible for its relationships with End Users, including any related billing matters, technical support, and disputes. Without limiting anything in these IDV Terms, End Client will publish and maintain an easily accessible and legally sufficient: (i) terms of service regarding all applicable End User use of End Client’s services; and (ii) privacy policy. End Client will promptly notify Partner upon making any material changes to such End Client terms of service or privacy policy. End Client is, and will remain, solely responsible and liable for each End User’s and each Permitted Service Provider’s use of and access to the IDV Services. End Client shall have sole responsibility for the accuracy, quality, integrity, legality, reliability, and appropriateness of all End Client Data, and for verifying the same.
- f. *Unauthorized Use*. In connection with its processing of any End Client Data, Partner will comply with all obligations (including privacy protection obligations) applicable to it as a processor under applicable law. End Client reserves the right to take reasonable and appropriate steps towards stopping and remediating any unauthorized use of PII. Partner will reasonably cooperate with End Client to facilitate such steps, including by making available to End Client all information reasonably necessary to demonstrate Partner’s compliance with its obligations under these IDV Terms and applicable law.

iv. DISCLAIMER

Partner’s IDV Services subprocessor (i.e., Plaid) makes no warranty with respect to, and disclaims all liability pertaining to: (i) the Instructions and any acts or omissions in accordance therewith; and (ii) the accuracy of any End Client Data and all other data (a) uploaded or otherwise provided to or for the IDV Services by or on behalf of End Client or End Users, and (b) Processed or provided by, or otherwise originating from, Plaid or its data sources in relation to the IDV Services. With respect to the IDV Services, Plaid disclaims all liability for the errors and omissions of it and its data sources.

v. EFFECT OF TERMINATION

Upon termination or expiration of an Order relating to the IDV Services: (i) End Client will destroy or return to Partner all IDV Services documentation provided to End Client relating to such Order; and (ii) following Partner’s receipt of End Client’s request in writing, Partner will facilitate the deletion (or return, per such request) of all End Client Data stored on Partner’s and its subprocessor’s servers relating to such Order, unless retention of the End Client Data is required under applicable law. Without limiting the foregoing, Partner and End Client may mutually agree upon the retention periods for various types or categories of End Client Data. Notwithstanding anything to the contrary, Partner’s IDV Services subprocessor (i.e., Plaid) disclaims all liability pertaining to: (a) deletion of End Client Data after the termination or expiration of an Order; and (b) End Client’s use of the IDV Services and End Client Data after any Order termination or expiration.

vi. INDEMNITY

End Client will indemnify, defend, and hold harmless Partner’s IDV Services subprocessor (i.e., Plaid) and its affiliates from any claims, actions, suits, demands, losses, liabilities, damages (including taxes), costs and expenses arising from or in connection with: (i) breaches by End Client of these IDV Terms; (ii) acts or omissions of End Client or its employees, affiliates, clients, or contractors relating to the IDV Services; (iii) the Processing of End Client Data by End Client or its Permitted Service Providers; and (iv) the Instructions and any acts or omissions in accordance therewith.

vii. MISCELLANEOUS

In the event of a conflict between these IDV Terms and any other terms and conditions of the Partner-Client Agreement or any agreements between End Client and End Users (for clarity, including any privacy policy or terms of service), the terms and conditions of these IDV Terms will govern and prevail with respect to the IDV Services. Partner may update the IDV Services and these IDV Terms from time to time.

This Order Form is governed by the reseller partnership agreement between Plaid Inc ("Plaid") and the Partner set forth on this Order Form (the "Partnership Agreement"). Capitalized terms not otherwise defined herein will have the meanings ascribed to them in the Partnership Agreement.

Order Details

Throughout the term of this Order Form, Partner will pay the fees set forth in the table below.

API Services

PRODUCT NAME	DESCRIPTION	FEE STRUCTURE	USAGE LEVEL	NET UNIT PRICE
Assets (1 Acct) & Income - Bank Income	A summary (Asset Report) of a user's finances up to 60 days along with income data from their bank account (up to 1 account per report)	Per successful merged verification per connected bank account, as further described below		USD 4.000
Assets - Assets Refresh (1 Acct)	Refresh the data in an existing Asset Report (up to 1 accounts per report)	Per connected bank account in each Asset Report		USD 0.990
Assets - Audit Copy (1 Acct)	Provide an Audit Copy of an Asset Report directly to a participating third party on your behalf (up to 1 accounts per report)	Per connected bank account in each Asset Report		USD 0.990
Assets - PDF Copy of Assets (1 Acct)	A PDF summary (Asset Report) of a user's finances up to 60 days (up to 1 account per report)	Per PDF copy		USD 0.990

PRODUCT NAME	DESCRIPTION	FEE STRUCTURE	USAGE LEVEL	NET UNIT PRICE
Assets - Additional History (1 Acct)	A summary (Asset Report) of a user's finances for 61+ days (up to 1 account per report)	Per Assets request for historical transaction data relating to 1 connected bank account		USD 0.990
Identity Verification - Data Source Country Group #1	Verify user PII against authoritative data sources for users based in Country Group #1 (as referenced below)	Per initialized PII verification against authoritative data source		USD 0.400
Identity Verification - Anti-Fraud Engine	Analyze hundreds of risk signals including behavioral analytics, stolen & synthetic identity risk, email & phone risk and network risk	Per initialized risk and fraud assessment		USD 0.264
Identity Verification - Document	Verify document authenticity and match DOB and name to inputted PII	Per completed document verification		USD 0.650
Identity Verification - Selfie Check	Confirm liveness and compare selfie to picture on ID Document if provided	Per completed selfie check		USD 0.220

* An "Account" means a single instance of a user ID and financial institution.

* All amounts denominated in USD. Fees will be billed monthly, in arrears, on or after the first day of each month for the API Services consumed during the preceding month.

* Each Asset Report includes the JSON data for 1 Account, and up to 61 days of transaction history per Account. For the avoidance of doubt, if an Asset Report includes data for multiple Accounts, Client will be responsible for a separate fee equal to the Net Unit Price stated above for each Account included in the Asset Report. An "Account" means a single instance of a user ID and financial institution.

* Each PDF copy will include all Accounts associated with the applicable Asset Report; provided that Client must have paid the Assets (JSON) fee applicable to each such Account.

* Additional History requests will return historical transaction data for the applicable Accounts beyond sixty-one (61) days, subject to availability of such data.

* Unless otherwise mutually agreed upon by the parties in writing, services not listed above will be billed at Plaid's standard rack rates, which are available upon request.

The Identity Verification Base fee includes SMS verifications, phone fraud signals, email fraud signals, IP address fraud signals, device ID fraud signals, network fraud signals, and user nurturing campaigns for each IDV session

The Identity Verification Document fee includes a documentary verification for each IDV session

The Identity Verification Selfie Check fee includes a liveness verification for each IDV session

The Identity Verification Lightning Verification fee includes database verifications, address autocomplete, and address standardization and validation for each IDV session. This fee varies depending on the country:

Group 1: United States and US Territories

Group 2: Argentina, Australia, Austria, Belgium, Brazil, Canada, Czechia, Denmark, Finland, France, Germany, India, Ireland, Italy, Japan, Kenya, Luxembourg, Malaysia, Mexico, Netherlands, New Zealand, Nigeria, Norway, Poland, Portugal, Slovakia, Spain, Sweden, Switzerland, Turkey, United Kingdom

Group 3: Any country not listed above for which Identity Verification Lightning Services is available

API Services Commitment [Monthly]

USD 5,000.00*

* The "API Services Commitment" means the minimum monthly fee for the API Services, which fee will apply throughout the term of this Order Form regardless of whether Partner uses the API Services. For the avoidance of doubt, Partner will be responsible to pay to Plaid the greater of: (i) the API Services Commitment; and (ii) the volume of API Services consumed at their corresponding net unit pricing.

Additional Fees

In addition to the API Service fees set forth above, throughout the term of this Order Form, Partner will pay the fees set forth in the table below:

PRODUCT NAME	DESCRIPTION	FEE STRUCTURE	LEVEL	NET UNIT PRICE
Platform Licensing Fee	Access fee for use of Plaid's platform and related services	Monthly licensing Fee		USD 2,000.000

Other Definitions & Terms

- * “Account” means a single instance of an End User login at a financial institution (which may include several financial accounts).
- * “End Client” means an entity that has entered into a Partner-Client Agreement with Partner, but only for so long as such Partner-Client Agreement is in effect (and as further defined in the Agreement).
- * All amounts are denominated in U.S. Dollars. Fees will be billed monthly, in arrears, on or after the first day of each month, for the Plaid Services consumed during the preceding month.

Order Form Special Terms

Reduced API Services [Monthly] Commitment. Plaid will reduce the API Service Commitment [Monthly] under this Order Form for the first 6 months of the term of this Order Form, beginning on the Order Form Start Date listed above. This reduced API Service Commitment [Monthly] will be:

- 1st Month = \$500.00 per month
- 2nd Month = \$750.00 per month
- 3rd Month = \$1,000.00 per month
- 4th Month = \$2,500.00 per month
- 5th Month = \$3,000.00 per month
- 6th Month = \$4,000.00 per month

For the avoidance of doubt, commencing on Month 7 of the Order Form term, the API Service Commitment [Monthly] will revert to the full amount indicated in this Order Form.

- Plaid may revise the unit rates set forth in this Order Form at any time upon thirty (30) days written notice to Partner (email notice to Partner’s dashboard account email address sufficing) as needed to account for inflation, provided that any such revised unit rates will be capped at the increase in the U.S. Department of Labor, Consumer Price Index for All Urban Consumers non-seasonally adjusted (CPI) for the most recently available twelve (12)-month period preceding Plaid’s notice.

Signature Block

Partner Name	Rental City
Name	

Upon signature and submission to Plaid, this Order Form shall become legally binding unless this Order Form is rejected by Plaid for any of the following reasons: (1) the signatory does not have the authority to bind Partner to this Order Form; (2) changes have been made to this Order Form (other than completion of the Bill To and the signature block); (3) the requested purchase order information or signature is incomplete or does not match our records of the rest of this Order Form; or (4) if the Order Form is marked or otherwise communicated by Plaid as a draft or pricing proposal. As of the Order Form Start Date, this Order Form (a) supersedes any existing order form, pricing schedule, or pricing document that applies to the Agreement, and (b) will apply for the remainder of the Term of the Agreement (including any Renewal Term) unless superseded by a new order form or similar pricing document agreed to by Plaid and Partner. Committed products and services are non-cancelable before the Order Form End Date. Unless otherwise mutually agreed upon by the parties in writing, services not listed above will be billed at Plaid's standard rack rates, which are available upon request.
